

## Union of Progressive Micronations

**LAW NUMBER:** 2-25

**LAW TITLE:** GENERATIVE AI USE POLICY

### **LEGISLATION:**

**ARTICLE 1 - PURPOSE.** This law establishes the stance of the Union of Progressive Micronations on the use of generative artificial intelligence (AI), following the rejection of Proposal #3, titled “Generative AI Ban.”

### **ARTICLE 2 - DEFINITIONS.**

1. Generative AI: A form of artificial intelligence capable of generating text, images, videos, or other creative outputs.
2. Member States: All micronations that are part of the Union of Progressive Micronations.
3. Proposal #3: A proposal submitted to the General Assembly advocating for a total ban on all forms of generative AI within the Union of Progressive Micronations.

### **ARTICLE 3 - VOTING OUTCOME.**

1. The General Assembly of the Union of Progressive Micronations conducted a vote on Proposal #3 between November 14, 2024, and November 28, 2024.
2. The majority of member states voted against the proposal, resulting in its rejection.

### **ARTICLE 4 - POLICY DECISION.**

1. Generative AI is permitted within the Union of Progressive Micronations.
2. Member states may individually regulate or restrict the use of generative AI within their territories as deemed appropriate, provided such measures align with the Union of Progressive Micronations’ established policies permitting its use.
3. The Union of Progressive Micronations encourages the responsible use of generative AI technologies while respecting creators’ intellectual property rights and advocating for minimized environmental impacts.

**ARTICLE 6 - ENFORCEMENT.** Each member state shall implement reasonable measures to ensure compliance with LAW 2-25, and penalties for violations.

**SIGNED** this thirtieth day of July, Two Thousand Twenty-Five (30th July 2025).
